

# The Recycling Zone

At Village Hall, one of the most frequently asked questions we receive is about available recycling opportunities in Doylestown. We have compiled some information that we feel answers that very question.

The Village of Doylestown participates in a curbside recycling program with our trash hauler, Rumpke Trash & Recycling Services. This service takes place weekly on each Friday of the month. The items accepted with this service include: **Plastic, Metal and Bi-Metal, Aluminum and Glass**. These items can be co-mingled and placed in the Village bins that were provided to all home owners in the Village. If you do not have a bin, please stop up to Village Hall to receive one. Items may also be placed in ordinary grocery store plastic bags. Newspapers are also accepted, however, we ask that they be placed in separate bags to avoid contamination. When our resident's recycle via the curbside program, we receive funds based on the tonnage collected quarterly by Rumpke. This program is a grant funded by the Stark-Tuscarawas-Wayne Joint Solid Waste Management District called Recycling Makes Sense. Money received from this grant funds various programs in the Village, and our document shredding held every September or October is one of them.

Doylestown churches and schools also offer options for recycling. Doylestown United Methodist Church at 153 Church Street has a paper bin. Emanuel United Church of Christ at 16 Eastern Road has a paper/cardboard bin. Zion Lutheran Church at has a paper bin as well. Sts. Peter & Paul Catholic School at 169 W. Clinton Street has paper/cardboard bins, and a bin for aluminum cans.

Cell phones and used ink jet cartridges are accepted at the Methodist Church, and Sts. Peter and Paul Catholic School.

For more information for Wayne County Recycling, including used tires and paint as well as hazardous materials and yard waste drop offs, go to the Stark-Tuscarawas-Wayne Joint Solid Waste Management District website for more information: <http://www.timetorecycle.org/>

Another useful site is [www.earth911.com](http://www.earth911.com) where you can locate various types of materials to recycle based on your zip code. For Computer, electronics and appliance recycling, call Tri County Computer Recycling Ohio at 330-202-7668 or visit their website at [www.tricountyrecycling.webs.com](http://www.tricountyrecycling.webs.com).

We hope you have found this information useful and that you take time to recycle today!
